#### **Exhibitor health guide** Working together to fight the epidemic!

September 2021

Health guide

### COVID-19 measures

Update September 2021

At RX France the safety of our clients, partners and staff being our priority, all measures have been defined in accordance with the Sanitary Protocol of the event industry, the standards of RX (Reed Exhibitions) and the recommendations of the WHO.

This guide aims to help you prepare and organise your participation in the trade show.

This guide contains:

These health measures are currently valid. They are liable to change depending on the evolution of the Covid-19 pandemic and the rules imposed by French authorities. Please go to our show websites to monitor the progress of these measures.

Health guide - COVID-19 measures - September 2021

• Information on the measures implemented by RX France • Our recommendations for exhibiting safely

#### COVID-19 measures

Update September 2021

Responding effectively to the risks of Covid-19 is a shared responsibility and RX France ask all participants to play their part in ensuring that the show remains as safe as reasonably practicable. In that respect, RX France will communicate to all attendees that a person should not attend the show if the individual is showing signs as set out below.

In general, do not attend the show if the person:

- taste.

Participants arriving from an «orange» or «red» state or country could be isolated on their arrival in France and / or on their return to their state or country of origin. For more details, please visit: https://www.gouvernement.fr/ info-coronavirus/ressources-a-partager#section-b3152

Our teams are available to offer assistance and answer any questions you may have.

We're looking forward to seeing you very soon!

Health guide - COVID-19 measures - September 2021

**1.** Is showing COVID-19 symptoms such us but not limited to: fever or a feeling of fever (chills, hot-cold), cough, shortness of breath or difficulty breathing, unusual fatigue, sore throat or headache, loss or change in smell or

2- Has tested positive for COVID-19 in the last 7 days.

3- Has been in close contact with a high risk or infected person during the past 14 days.

RX France will implement measures to ensure the health and safety of exhibitors and visitors

We are operating a series of measures presented under 6 headings:

**1.** Sanitary pass

- **2.** Physical distancing
- **3.** Personal protection
- **4.** Cleaning and disinfection
- **5.** Communication and training
- 6. Health measures management and control

## **Sanitary pass**

**1. A vaccination certificate attesting** to a complete vaccination program using a vaccine against covid-19 authorised by the European Commission:

These certificates are encoded and signed in the form of a QR Code. They can be presented in paper or digital format.

For more information please visit the show website.

\*Applicable to visitors, as well as to exhibitors, service providers and all persons participating on days when the show is open to the public.

\*\*The French sanitary pass is identical to the «EU Digital COVID Certificate». For more information please go to : https://ec.europa.eu/info/live-work-travel-eu/coronavirusresponse/safe-covid-19-vaccines-europeans/eu-digital-covid-certificate\_en

• The respect of physical distancing and the wearing of a sanitary mask remains mandatory.

Health guide - COVID-19 measures - September 2021

Per application of current French sanitary regulations, access to our events for all participants<sup>\*</sup> will be subject to the presentation of a valid sanitary pass<sup>\*\*</sup> attesting to one of the three types of proof below:

- Janssen Vaccine: 28 days after administration of the single dose

- Pfizer, Moderna and AstraZeneca vaccines: 7 days after the administration of a second dose, except for people who have been infected with Covid-19, for whom this period runs after the administration of the initial dose.

**2.** Proof of a negative test of less than 72 hours

(RT-PCR, antigen or self-test carried out under the supervision of authorized health professionals).

#### **3.** The result of a positive RT-PCR or antigen test attesting to recovery from Covid-19,

dating at least 11 days and no more than 6 months.

The site manager and organiser will implement preventive measures across the event site (infrastructure, ventilation, general facility, toilet facilities, etc.)

Exhibitors are responsible for the measures implemented on their stand.

This memo covers the main points to take into account.

### Stand design

#### **Please design your stand in line** with the following recommendations:

- Simplify design in order to:
- Limit the number of people working at the same time / Reduce the number of people required to build the stand - Facilitate stand cleaning
- Encourage open spaces, and avoid closed offices
- Position the furniture far enough a apart to respect the safety distances.
- Install a protective screen on reception counters
- Apply floor markings to help people keep their distance
- Consider a one-way system to reduce contact at your stand
- Position your reception desk back from the aisle so that visitors don't stop in the aisle
- Use screens to communicate about your products and services
- Promote products without touching them whenever possible

### **Preparing for** the event

#### **Prepare for the trade show stress free by following these recommendations:**

- the trade show. His/her duties:
  - Responsible for implementation of the health protocol on the stand
  - Organiser's and Health and Safety Coordinator's main contact for health issues
- $1 \text{ person} / \text{m}^2$

Health guide - COVID-19 measures - September 2021

#### • Obligatory: appoint a stand health officer.

He/she will need to be present for the opening of

- In the event of a problem, he/she will be the
- contact for the healthcare authorities

• Plan your orders ahead of time to avoid having to make changes or place orders on site

• Respect maximum capacity on the stand :

• Organise appointments with clients and prospects in order to better manage traffic through the stand

- Supply masks, wipes, tissues, hand sanitiser, etc. on the stand
- Provide trash bins fitted with a hands-free lid, especially for collecting used masks, paper tissues, disinfectant wipes, etc.
- Do not provide goodies and leaflets for visitors to pick up themselves. If you do decide to distribute such materials, have them distributed by a host/ hostess
- Communicate with your employees:
- About the protective measures to be followed and the health rules in force at the trade show
- Anyone with symptoms (fever, cough, loss of smell or taste, etc.) should stay at home and contact their doctor

### Instructions for build-up / breakdown

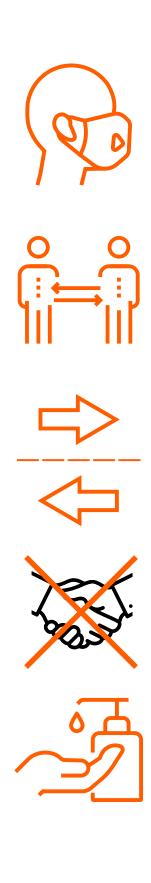

Health guide - COVID-19 measures - September 2021

#### **Please follow the instructions below**

- Face surgical masks must be worn
- Pre-register anyone working on build-up and/ or breakdown of the show. Only people who have registered will be permitted to access the site
- Limit the number of people working at the same time
- If possible, **keep the same teams** and limit changeover or adopt shifts outside typical working hours, depending on staff numbers
- Limit equipment sharing (lifting and handling equipment, tools, gloves and hard hats, etc.) and provide cleaning supplies between each use
- Maintain physical distancing
- Encourage work side by side rather than face to face
- In holding areas, stay in your vehicle, and follow protective measures and health instructions during deliveries
- Require teams to regularly disinfect their hands

### Receiving visitors at stands

Health guide - COVID-19 measures - September 2021

#### Some recommendations for keeping visitors safe at your stand

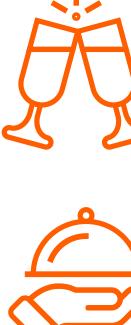

- Face surgical masks must be worn
- Limit the number of people at the stand and regulate traffic. Enforce physical distancing by ensuring that people stay at least 1 metre apart
- Use electronic documents rather than paper documents
- Avoid distributing goodies and leaflets. If you do decide to distribute such materials, have them distributed by a host/hostess
- Avoid exchanging business cards and use a badge reader or other solution offered at the trade show
- Regularly disinfect high-contact areas (reception desks, computers, test products, etc.), especially every time they have been touched by visitors
- Implement clear signage\* displaying protective measures, and in particular the following points:
- No handshakes
- Face masks must be worn
- Use hand sanitiser as you enter and leave the stand

\*try to use pictograms to avoid language problems

#### Provide staff and clients with hand sanitiser

16

### Restauration, Catering, Tasting on booth

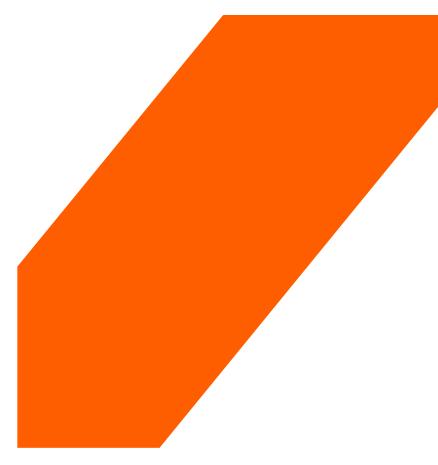

Health guide - COVID-19 measures - September 2021

#### Here are some health & safety precautions to be implemented for your catering events

- Consuming F&B during catering events while standing is permitted, both inside and outside. Individual portions only
- No restrictions imposed related to the maximum number of guests allowed per table
- When guests are dining, a mask is to be worn until the first course is served
- Check and control the sanitary protocol of food and kitchen service providers
- Regularly disinfect points of contact
- Remind people of the rules and barrier measures
- Hydroalcoholic gel to be provided on tables and at the entrance and exit
- Brief the staff on the sanitary measures to be respected

17

#### We look forward to seeing you at our trade shows Working together to

fight the epidemic!
